

To the nominated

ENI SEIS II South National Focal Points from statistical offices (NFPs statistics)

Copenhagen, 25 July 2018

**Subject: 1<sup>st</sup> ENI SEIS II South Support Mechanism Regional Workshop on Infrastructure and Data Management, 4 – 5 October 2018, Rome, Italy**

Dear colleagues,

I am pleased to invite you to the 1<sup>st</sup> Regional workshop on Infrastructure and Data Management, which will be held on 4-5 October 2018 in Rome, Italy. This workshop is organized in collaboration with the UN Environment MAP INFO RAC in the framework of ENI SEIS II South Support Mechanism and the Mediterranean Action Plan Programme of Work 2018-2019.

The goal of the workshop is to propose, debate and agree the data dictionaries developed for H2020 indicators, and provide to national experts training activities to collect and submit data and to use SDI and reporting infrastructure by UN Environment MAP INFO RAC in the framework of ENI SEIS II South Support Mechanism Project, including existing information system such as MEDPOL and NBB relevant to H2020 Indicators.

In the margins of the workshop, the invited NFPs/participants will be trained in order to transfer the knowledge at national level. The invitation must be extended to one thematic expert (waste, water or industrial emissions) in the national team. However, we recommend the participation to the workshop of the experts who will be in charge to upload and validate the data.

The ENI SEIS II South Mechanism Project will cover the costs of travel and accommodation for two participants per country. Logistic information will be sent to the appointed participants.

The working language of the workshop will be English with simultaneous interpretation in French and Arabic.

Please confirm your participation using the online registration system on the ENI SEIS II South Project Website: <https://eni-seis.eionet.europa.eu/south/communication/events/project-related-events/1st-regional-workshop-on-infrastructure-and-data-management/view> by **7th September** at the latest.

Please find attached the provisional agenda of the workshop. Other documents will be sent to you before the workshop.

We look forward to a successful event, and thank you for your cooperation.

Yours sincerely,

David Stanners  
Head of Partnership and Network Programme
