SCHEMATIC REPRESENTATION OF FUNCTIONING OF THE SYSTEM FOR MONITORING OF NSSD IMPLEMENTATION (IRIS)

Data visualization and publication

Data visualization and publication

Provides countries with relevant information to facilitate reporting e.g. SoE at national level or MEA's at global level.

It contains reporting dates, legislative instruments, guidelines for reporting, agreed templates for reporting etc.

It is connected IRIS

Experts can use data and knowledge flows from UNEP Live to support global, national and regional integrated environmental assessment processes
