

TOOL FOR SELF-ASSESSMENT OF DATA MANAGEMENT

Nutrient concentrations in transitional, coastal and marine waters of the Mediterranean Sea

Description

The indicator refers to the levels and trends in total nitrogen, total phosphorus concentration in the transitional, coastal and marine waters of the Mediterranean Sea.

Note

Considering that all the countries involved in the ENI SEIS II South project are Contracting Parties to the Barcelona Convention in which several data flows are activated (see NBB, MEDPOL, BCRS, etc.), please contact us if the answers to the Following questions are already in the MAP.

Data on the entity or organization

1. Name of the organization
2. Address of the organization
3. Main activity
4. Telephone number
5. Fax number
6. Email
7. Website
8. Type of organization:
 - ☐ Ministry
 - ☐ University
 - ☐ Governmental organization
 - ☐ Public sector
 - ☐ Research entity
 - ☐ Other

Data on the questionnaire editor

1. Name of the questionnaire editor
2. Job
3. Email
4. Telephone number

Question 1

Do you have available datasets on concentration of key nutrients in water column?

- ☐ Yes

- ☐ No

If yes, please precise them

If not the case, could you explain why and indicate if in the future you are thinking of collecting data?

Question 2

Is data collected centrally or collected locally and reported to central administration?

- a) central administration collects the data (ministry/specific department)
- b) Locally administration collects the data (regional directorates, municipalities etc.)
- c) Both (please explain)

Question 3

Could you indicate the data provider for each dataset?

Question 4

How those data are managed?

- ☐ Information systems
- ☐ Thematic database
- ☐ Excel file
- ☐ No management system of data
- ☐ Others

Question 5

Could you indicate the data collection frequency and when the last data collection was performed?

Question 6

Could you indicate the methodology used to collect the data at source?

Question 7

Are the collected data subject to a quality process?

- ☐ Yes
- ☐ No

If yes, what type of QA/QC is performed?

If not the case, could you explain why?

Question 8

Could you indicate the geographical coverage?

- ☐ National
- ☐ Sub national
- ☐ Regional
- ☐ Coastal
- ☐ Other (please specify)

Question 9

Could you indicate time series available for the collected datasets?

Question 10

Could you indicate the data format?

- ☐ CSV
- ☐ Excel
- ☐ XML
- ☐ Word
- ☐ Html
- ☐ Pdf
- ☐ Access database (Mysql, Postgresql)
- ☐ Shape file
- ☐ Other (please specify)

Question 11

Are the data publicly accessible?

- ☐ Yes
- ☐ No

If yes, how data accessible from an external network?

- ☐ Yes, through web services or web API
- ☐ Yes, through file transfer (i.e.FTP)
- ☐ Other (specify)

Question 12

Is the dataset is relevant for other national and/or international reporting obligation?

- ☐ Yes (specify Plan Bleu, Medpol, NAP, UNSD, other)
- ☐ No

Question 13

Is there any specific data policy in place for those datasets?

- ☐ Yes (please specify)
- ☐ No

Question 14

Are those datasets part of Spatial Data Infrastructure (SDI)?

- ☐ Yes (please specify)
- ☐ No

Question 15

What language is used?

- ☐ English
- ☐ French
- ☐ Other
